- Heavyweight Division: Driver must weigh 200+ pounds on GoPro Motorplex scale - gear included (and ballast if necessary)
- Masters Division: (Two weight divisions competing in same race with two podiums) Driver must be 40+ years old & weigh:
  - Heavy Masters 190+ pounds on scale - gear included (and ballast if necessary)
  - Super Heavy Masters 220+ pounds on scale - gear included (and ballast if necessary)

*(Weight is available at the track for ballast)*

## **Rules Structure:**

- The drivers meeting is mandatory and will start at 6:10pm sharp (Masters 3:30pm). There will be a random roll call and any driver not in attendance will start in the rear of the first race.
- Ballast: GoPro Motorplex lead sheets must be in the driver's seat only. Additional weight must be secured to the driver only.
- Qualifying: 2 laps and you will be disqualified if you stop on track other than a safety reason or mechanical problem.
- The start will be a single file rolling start. Each driver may accelerate at the wave of the green flag. You cannot pass the kart in front of you until you cross start/finish line. You cannot step out of line before start/finish. Jump starts will result in a black flag stop and go penalty.
- All penalties will be either a black flag stop and go or a final position change.
- Rough driving will not be tolerated and may result in the loss of driving privileges. Rough driving will be assessed by the track officials and the race director. If you move a kart out of the way and gain that position, you can either give the position back and receive no penalty (you have 2 laps to do this) or we will score you last.
- No blocking. You may make one move in advance of the kart(s) behind you. You cannot move back across the track after you've made your move. You cannot run someone off the track that is beside you on a straightaway.
- No passing in parts of track with local yellows.
- Top five finishers in all Races will weigh in at end of session along with the quicktime driver for that race and random picks.
- If you have an open black flag directed at you, you must come into pit lane for a stop and go penalty. You have 2 laps to adhere to the black flag. If you don't adhere within 2 laps you will be removed from the entirety of the remaining night's event.
- Repeated four wheels off will result in a meatball flag and you must come in for a stop and go penalty.
- Concrete run-off is not considered part of the racing surface.
- Pit Lane speed- 5 mph.
- Bad behavior and/or foul language will not be tolerated and any person involved will be asked to leave the premises.

## **Points Structure for Championship:**

Position	Points Awarded	Position	Points Awarded
1	200	11	75
2	175	12	70
3	155	13	65
4	140	14	60
5	130	15	55
6	120	16	50
7	110	17	45
8	100	18	40
9	90	19	35
10	80	20	30

Drivers will be scored in the following order:

- Race finishers
- Drivers classified as DNF (Did not finish)
- Drivers classified as DNS (Did not start) will be scored with 0 points
- Disqualified drivers will be scored with 0 points

Tiebreaker after drops:

1. In the event of a tie, the competitor with the most first place finishes will have the higher finishing position in championship.
2. If still tie, it will go to the most seconds, thirds, fourths, etc.
3. If still tie, we will use the finish of the very last race to determine overall finishing order.
